### Section 1 - Major/Minor Scales

All students will have two minutes to play as many major and minor scales in as many octaves possible. Scales must be tongued/articulated ascending and slurred descending. Each scale must be played at a steady, consistent tempo (no starts and stops, speeding up, slowing down). Scales must be played in the order they appear on the scale sheet. You may skip scales you're not prepared to play, but you must go in order. (Only play the scales you have prepared) Scoring: Tone, speed, steady tempo, and number of octaves performed, will be the major factors in scoring. Each scale is a maximum of 5 points (per octave).

### Section 2 - Chromatic Scale

All students will play the chromatic scale to demonstrate range and technical ability. Play the scale in triplet pattern, tongue/articulate ascending, and slur descending. The scale must be played at a steady, consistent tempo (no starts and stops, speeding up, slowing down). Suggested ranges are listed below, however only play as high/low as you can with a beautiful and controlled tone. Scoring: Tone, speed, steady tempo, and playing closer to the full range of the instrument will be the major factors in scoring. This section is worth 50 points.

#### ***"Full Range Chromatic" Suggestions***

Flute	C - C (3 octaves)	All Saxes	Low C - High F (2+ octaves)
Oboe	C - C (2 octaves)	Horns	Low C (bass clef) - High G (2+ octaves)
Bassoon	Bb - Bb (3 octaves)	Trumpets	Low G - High C (2+ octaves)
Clarinets	Low E - High G (3+ octaves)	All Low Brass	Low F - High Bb (2+ octaves)

### Section 3 - Prepared Etude

This short etude can be played at whatever tempo you prefer. The goal is to play as much of the etude as possible at one steady, consistent tempo. Please note the different articulations (staccato, legato, marcato) and dynamics required in this piece. Scoring: Tone, speed, steady tempo, note accuracy, articulation accuracy, dynamic accuracy will be major factors in scoring. This section is worth 100 points.
